VEGAN  
100 % RAW  
SWEET SUPERSTAR  
DESSERT

**Ingredients:**

- 120 g dates
- 30 ml strong espresso
- handful walnuts
- 1 tbsp war cocoa nibs or cocoa powder
- 1 banana
- cinnamon

1. Blend the dates with espresso until you reach a smooth paste. Add a handful walnuts and the cocoa nibs and blend again gently (for this I used a hand blender).

2. Cut a fresh banana into 10 pieces and place 5 of them on a plate in form of a star. Dust cinnamon over the banana if you like.

3. Take the date-espresso paste and place it on the banana.

4. Put the other pieces of banana over the date-espresso paste and fill the gap in the middle with the rest of the date paste. Put a walnut on top for decoration, if you like.
